IMAGINARY WOES

Imaginary woes, we know, ...
Need hardly cause alarm.
We often bump against them, though.
And see them doing harm.

Imaginary woes, we find,
Are very, very vain.
Yet sages say they are the kind
We mostly entertain.

WANTED

FIFTY MASON COUNTY FARMER BOYS, BETWEEN THE AGES OF 10
AND 18 YEARS TO JOIN OUR

MASON COUNTY HEIFER CLUB

Believing that the future progress and prosperity of Mason County depends upon the continuing development of its Agricultural interests and the business efficiency of our future Farmers, with the hope of being able to aid in these directions, we have decided to organize a Heifer Club for the Farmer Boys of Mason County.

ABOUT THE FIRST OF SEPTEMBER, 1917, we are going to purchase Fifty Grade Shorthorn Heifers, about eight months old and weighing about 600 pounds, which we will distribute among the first fifty Mason County Farmer Boys, between the ages of 10 and 18 years, that apply for and agree to care for same and that can execute a bankable note covering the cost of the Heifer; which note shall be payable in the fall of 1918.

The Heifers will be bought by expert cattlemen connected with the Extension Service of the State College of Agriculture and be distributed among the boys by lot. Each boy will be given the same chance to make good, and required to become a member of the Mason County Boys' Agricultural Club and to care for the Heifer under the directions of the County Agent; to have the Heifer bred to a pure bred Shorthorn Bull, this fall, and to have her and her offspring ready for public exhibition and sale in the fall of 1918.

You will not be expected to put up a cent of money now, but, you must properly care for the Heifer and pay for it later and all the increase and profit will be yours.

About \$100 will be given away in prizes to the boys getting the best results with their Heifers, at the exhibition to be held in the fall of 1918.

For full particulars call at Bank or see Mr. E. F. Boyd, Jr. County Agent, at once, as we want to close entries to the club by September 1st.

We are anxious to help Boys that are willing to work and learn.

MASON COUNTY COURT

The following business was transacted in the Mason County Court yesterday:

The Equitable Trust Company of Dover was appointed guardian of Edward Ryan, Patrick Ryan, John Ryan, William Ryan and Mary Ryan, minors, and qualified as such with its capital stock as surety.

A paper bearing date of February 10, 1912, and purporting to be the last will of Mrs. Mary Frances Helmer, deceased, was produced in Court and ordered read. The due execution of said paper was proven by the testimony of William McT. Schiltz and Harry C. Carran, attesting witnesses thereto. In her will Mrs. Helmer gave to her daughter, Mrs. Gertrude Devore, and to her sons, William and Jess Helmer, the sum of \$5 each. The balance of the estate was left to her daughter, Miss Lula Helmer. Miss Lula Helmer qualified as executrix of the estate of her mother, Mrs. Mary Frances Helmer, deceased, without bond as was requested in the will.

On orders from Attorney General Gregory, United States marshals in many towns and cities descended at 2 p. m., central time, upon local headquarters of the I. W. W., seized books, checks, correspondence and other documents, and in some instances, arrested officials found upon the premises.

In Chicago, federal agents took possession of the national headquarters of the Socialist Party and a warrant authorizing the seizure of its documents was served upon its counsel. The seizure of documents was carried out in accordance with a plan perfected by William C. Flits, assistant attorney general, working under the direction of the attorney general. A statement issued by the department of justice, announced the seizure of the papers was made in connection with a Federal grand jury investigation of the Industrial Workers of the World now proceeding at Chicago.

"This action was taken under the direction of the attorney general," says a statement issued at the department of justice, "and in connection with a grand jury investigation which is in progress in the United States court in the northern district of Illinois."

The investigation was begun by the grand jury at Chicago as a result of great accumulation of charges of all sorts, mostly of violations of the espionage law, directed against the Industrial Workers of the World and its leaders.

"The government at 2 p. m., today, Chicago time," the department statement says, "took possession under appropriate legal process of such documentary evidence, check books, correspondence, etc., of the Industrial Workers of the World in all parts of the United States as is desired or needed by the United States in connection with the indictment and prosecution of certain individuals offenders who have utilized the name of that organization in connection with violations of the federal laws."

The exact nature of the alleged offenses was not disclosed. It was said that would be determined by the federal grand jury at Chicago. The investigation was begun secretly a short time ago and until today's dramatic action, was known only to the officials concerned.

The department's action was taken on the eve of a report to President Wilson by Chief Justice Covington of the Supreme Court of the District of Columbia, who was designated recently by the President to investigate the labor situation in the West. Judge Covington has completed his investigation, which lasted several weeks and took him to the Pacific coast, and probably will report personally to President Wilson tomorrow.

The matter of repairing certain streets and alleys in various parts of the city was ordered back in the hands of the Internal Improvement Committee with power to act.

On motion it was ordered that the Police Department enforce more rigidly the ordinance regulating automobiles parking in congested districts.

On motion it was ordered that the asphalt streets on East Second street and Court street be accepted with \$500 of the pay for same held in reserve to force the contractors to make certain repairs.

On motion it was ordered that sidewalk in the Sixth Ward opposite the ball park be put down.

The police were ordered to make water melon vendors remove their goods from the corner of Second and Market streets.

Managers Russell and Watkins invited the members of the Council and their wives to attend the showing of "Womanhood" at the Washington Opera House tonight.

On motion Council adjourned.

NO HOPE FOR SETTLEMENT OF C.
& O. STRIKE AT ASHLAND

Asland, Ky., September 4—At the meeting of El Hass Temple at the Shrine club rooms last night there was a good attendance with Illustrious Potentate Gordon Suiser of Maysville, in the chair, and Recorder Charles F. Weaver, at the Secretary's desk.

After disposing of considerable business of minor detail it was resolved by unanimous vote the Shrine purchase Liberty Bonds in the next issue put out by the government, which will be within the next few weeks.

The members of El Hass Temple thought there was no better way for them to show their patriotism than by investing at least a part of their surplus in Liberty Bonds.

Upon motion it was duly resolved that the next ceremonial session be held some time in October. The Illustrious Potentate appointed a committee with full powers to act on this important resolution composed of Nobles W. F. Shulman, O. F. L. Beckette and B. F. Forsey. It is the object of the committee to have this meeting at Clydeside Park, at which time the wives of the Nobles are to be entertained. The afternoon meeting will be followed with a banquet concluding with a dance in the Casino at night.

Congress and the President

In the year of grace in which we are engaged in a struggle with Prussianism, we have finally made our legislative practice similar to that of the Prussian or the Japanese Diet. The tendency began, perhaps, as far back as President McKinley's time. Under President Roosevelt, the executive laid down the principle which the Legislature clothed in the form of law; but now, and for some time past, a ministry, responsible not to the popular legislature, but to an executive, dominating and only quadrennially responsible, prepares and sends to the legislature, not the basis, but the form of law. It is hardly fair to speak of executive usurpation. It would be juster to approach the subject from the point of view of congressional abdication. The multitude of committees—many of them idle, some of them atrophied—does not make for a sense of close collective responsibility. We all of us know of such committees as those on Indian depredations, and the disposition of waste papers in the executive department. The committees are too many; their chairmen, very able though some of them be, are chosen solely because of seniority of consecutive service on the committees. It seems certain that the presidential power will continue to increase until Congress has the resolution and the vision to throw off the bonds of its present committee system, and organize under the collective leadership of the men who represent the best ability of the parties and their concerted opinion.

One would hardly expect advocates of German "frightfulness" to have left any capacity to be shocked by this time, yet German editors are lifting their hands in holy horror of the American wickedness revealed in our government's refusal to permit further shipments of food to its enemies through neutral countries.

Returned Commissioner Root, who is extremely hopeful of Russia, likens its disturbances to the risings against the negroes in Illinois and against the I. W. W. in the West. If that's all it amounts to, Russia will soon get on her feet, and march, too.

The cotton crop for the year ending July 31 was worth half a billion dollars more than that of the year before, an increase of 50 per cent. in value. At a distance the "snow of Southern summers" looks like gold.

AN AUTHORITY ON RIVERS AND HARBOURS

When the House of Representatives again becomes Republican Representative Charles A. Kennedy of Iowa will be made chairman of the Rivers and Harbors Committee. Mr. Kennedy has held a place on that committee for about seven years, through three Congresses. During that time he has become an expert on the subject of waterways. Recognition of his prominence on the committee was given in appointing him on the conference committee on the recent river and harbor bill, an honor no other Republican Congressman received. Mr. Kennedy's constantly increasing power in Congress is a source of much gratification to his townsmen, his popularity with whom is attested by the fact that, when he was only 21 years old, they elected him mayor and kept him in that office for four successive terms.

Opposed Bank Check Stamp
To Senator Charles Curtis of Kansas fell the honor of taking the initial step in the defeat of the amendment proposed to the revenue bill by the Finance Committee for a one cent stamp tax on every bank check. His proposal to strike out the section containing the tax met with a ready response from other Senators, and the paragraph was taken from the bill by the decisive vote of 38 to 22. It was brought out in the debate on Senator Curtis's motion that when the bank check stamp tax of the Spanish war was in effect, the banks suffered from the withdrawal of deposits, the people putting their money into their strong boxes and paying it out themselves as needed. Furthermore, the annoyance caused by the tax and the expense of its collection do not warrant the comparatively slight revenue to be derived from it, only about three and a half million dollars, according to some estimates. The defeat of the committee amendment effectively kills the proposition, at least for the present, as it will not be a matter for the conferees to consider.

Renewed Naturalized Citizen of Orth
Representative George H. Francis of New York believes that certificates of naturalization should show on their faces that the holder has taken an oath to support the Constitution of the United States, and to renounce forever all allegiance to the foreign State of which he was a citizen or subject. With that end in view Mr. Francis has introduced a bill revising the present form of view Mr. Francis has introduced a bill revising the present form of such documents. The certificates are now issued state simply that the applicant has complied with the law, but Mr. Francis' amendment specifically sets forth that the holder has sworn to support the Constitution, and renounced foreign allegiance.

Tribute To Kern
It is unusual for the Senate to take official recognition of the death of a former member. Such, however, was the esteem in which the Democratic leader of the last three Congresses, ex-Senator Kern of Indiana, was held by his colleagues that when the death of Mr. Kern was announced by Senator Harry S. New, his successor, a resolution of sympathy was unanimously adopted, and an immediate adjournment taken out of respect to his memory. Although the two different politically Senator New was a close personal friend of Mr. Kern for 40 years and felt his sudden death most keenly.

It is estimated that the daily attendance at moving picture theaters in the United States is more than 25,000,000.

There is more Catarrh in this section of country than other diseases put together, and for years it has been posed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, easily cured by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts directly on the Blood and the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Washington, September 6—Indications at present are that the present special session of Congress will last almost up to the time of the convening of the regular session in December. After the pending revenue bill has been disposed of, Congress must draft and pass a new bond issue measure, and will then take up the subject of pension legislation, or war insurance, or both. There will also be a number of appropriation bills coming up to meet new requirements. If Congress shall adjourn before December, the interim will be brief.

HOME-READING COURSE FOR CITIZEN-SOLDIERS

(Issued by the War Department and all rights to reprint reserved.)

This course of thirty daily lessons is offered to the men selected for service in the National Army, as a practical help in getting started in the right way. It is informal in tone and does not attempt to give binding rules and directions. These are contained in the various manuals and regulations of the United States Army, to which this Course is merely introductory.

LESSON NO. 22. GUARD DUTY.

(Preceding Lessons: 1. Your Post of Honor. 2. Making Good as a Soldier. 3. Basic Qualities of a Soldier. 4. Getting Ready for Camp. 5. First Days in Camp. 6. Cleanliness in Camp. 7. Your Health. 8. Marching and Care of Feet. 9. Your Equipment and Arms. 10. Recreation in Camp. 11. Playing the Game. 12. Team Work in the Army. 13. Grouping Men into Teams. 14. The Team Leader. 15. Fighting Arms of the Service. 16. Staff Branches of the Service—I. 17. Staff Branches of the Service, II. 18. Army Insignia. 19. The Army System of Training. 20. Close-Order Drill. 21. Extended-Order Drill.)

In addition to drilling and fighting as a member of a squad, company, regiment, or other "team" of the Army you will have certain important duties as an individual soldier. These duties call for a higher grade of intelligence and self-reliance and throw on you greater personal responsibility.

This is not something to be dreaded or avoided. As you develop the soldierly qualities you will jump at every chance to take responsibility and to distinguish yourself by the courage and good judgment with which you act.

Probably your simplest individual duty will be that of an interior guard. "Interior guards are used in camp or police regulations." (Manual of Interior Guard Duty, par. 3.)

In the training camp your company will be required at times to perform guard duty. This means that one or more of your commissioned or non-commissioned officers, and a number of privates will be detailed for this duty. Customarily a detail of this kind continues for 24 hours, from noon of one day to noon of the next; each private takes his turn at standing guard.

Personal Responsibility

Guard duty is especially recommended as "of value in discipline and training, because of the direct individual responsibility which it imposes and required to be discharged." "comes near his post, calling out in a definite and precise manner" sharply "Halt. Who is there?" The

person challenged, or one of the party if there are several persons, may be permitted to approach for the purpose of giving the countersign or of being recognized. In case of doubt it is a sentinel's duty to prevent anyone from passing him and to call the corporal of the guard. "A sentinel will never allow himself to be surprised, nor permit two parties to advance on him at the same time."

Members of the guard may be assigned to duty as orderlies to the commanding officer or to other officers. "For these positions the soldiers will be chosen who are most correct in the performance of duty and in military bearing, neatest in person and clothing, and whose arms and accoutrements are in the best condition." It is decidedly a compliment to any soldier to be designated to serve as an orderly.

An orderly usually accompanies the officer wherever he goes, assists or serves him in accordance with directions, carries messages for him, and the like.

Exterior guard duty consists of keeping watch at a distance from the main body of troops. When a camp is within possible striking distance from the enemy, it is necessary to place small parties of men at points where they may observe an approaching enemy, give the alarm, and if possible check or stop his advance. These parties are known as outposts. When a large body of troops is on

the march, advance, rear, and flank guards keep watch on the surrounding country. In general, their duties are similar to those of outposts.

Scouting

One of the most responsible duties to which a soldier may be assigned is patrolling or scouting. An infantry patrol usually consists of from 3 to 16 men. It is sent out for the purpose of obtaining information as to the enemy, his numbers, and the nature of the country over which the patrol travels. It is not usually intended that the patrol should fight, since its prime purpose is to obtain and bring back information. However, it may be forced to fight, if discovered. In order to protect the escape of at least one of its members with a report of the information secured.

"Every soldier should be able to find his way in a strange country; should know how to use a compass; should know how to locate the north star; should be able to travel across country, keeping a given direction, both by day and by night, and by observing landmarks he should be able to return to the starting point whether over the same route or by a more circuitous one. This can easily be learned by a little practice. It adds a great deal to the value of a soldier if he knows how to use a map to find his way. If he knows how to make a rough sketch of the country, he has added to his value as a soldier very much indeed." (Manual for Noncommissioned Officers and Privates, p. 161.)

Of course these remarks on guard duty can give you only a general idea of its nature and of your own responsibility. But enough has been said to indicate that any man has much to learn before he can be called a first-class soldier. You will find your months of training slipping by rapidly, especially as you become more and more interested in mastering the varied phases of your new occupation.

AVIATION SITE AT CAPE MAY

Washington, September 5—Just before adjournment the other day, Senator Joseph S. Frelinghuysen of New Jersey, seized a favorable moment to pass his bill for the acquisition by the United States of a site at Cape May, New Jersey, for an aviation station for the Navy. The Department has been very desirous of locating at that point, and has already moved considerable equipment to the site. The location has a fine harbor, which has been under improvement by the Government, and Mr. Frelinghuysen is convinced that the advantages of the place will appeal to the naval authorities that a permanent aviation station will be maintained there even after the close of the war.

NAVY WILL GET SUPPLIES

Washington, September 5—The muffs and other garments which the Navy League, through its auxiliary organizations, has been providing for our sailors will not cease to go to the fleet. "An individual" at Washington will receive them from the makers and transmit them to the designated ships. And so Josephus Daniels's order excluding the Navy League from further participation in the work of the war falls of its purpose. Its only result has been to make a further demonstration of the petty mindedness of the Secretary of the Navy—which, as one might say, is a work of supererogation.

WORK THAT TELLS

Plenty of It Has Been Done Right Here in Maysville.

To thoroughly know the virtues of a medicine you must investigate its work. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders, now give confirmed testimony—declare the results have lasted. How can any Maysville sufferer longer doubt the evidence?

Henry S. Gallenstein, blacksmith, 124 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 9, 1912.)

RESULTS THAT REMAIN

OVER FOUR YEARS LATER, or on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent."

Mr. Gallenstein is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Gallenstein has twice publicly recommended—the remedy backed by home testimony. 60c all stores. BIG JAIL DELIVERY

At Ashland Newly Stopped—Prisoner Bruce Concrete Floor With Iron Ball.

Ashland, Ky., September 5—Prisoners in the city prison last night had a very impressive demonstration of "lost energy" when they were permitted to work for nearly five hours to gain their freedom surreptitiously and then informed by the police who had enjoyed their efforts to make a jail delivery, that "there was nothin' doin' what they were thinkin' about."

About half past seven o'clock members of the fire department whose headquarters are near the city prison heard a noise like someone breaking concrete with a heavy weight. They listened for a few minutes and then realized that someone in the prison was trying to break out. Officers Rice, Jackson and Gaines, who were at the police headquarters were informed as to what was going on and it was decided to let the men doing the work go ahead and then catch them as they undertook to come out. About midnight Chauffeur Waggoner of the fire department saw a man poke his head out of the hole close to the ground on the side of the city prison nearest the fire station and he at once grabbed hold of the head. One of the police about the same time grabbed hold of the man's feet from the inside and as neither the firemen nor the policeman knew of the other's intentions, the owner of the head and the feet, Tom Layne, who had been locked up earlier in the day on an intoxicated charge had rather a strenuous time of it for a few minutes.

There were forty-two prisoners in the prison last night, the unusual number being the results of Labor Day celebration.

The men who attempted to make a get-away had broke the concrete in the floor of the prison by means of a heavy iron ball which they found in the search room. The dirt was removed with a shovel which was also found in the search room.

DRAFTED MEN RETURN TO HOMES

The seven drafted men who were ordered to report here Tuesday afternoon, expecting to leave for Camp Taylor, Louisville, have been allowed to return to their homes until Friday afternoon at 4 o'clock, when they report again to the County Exemption Board. They leave early Saturday morning.

An Anco Kodak is lost—has been lost for some time. It was the property of William Gordon Snoot, who is now in the U. S. Navy at Norfolk, Va., doing duty as a member of the old Seaman's Guard. He would feel deeply grateful for the return of this Kodak or knowledge leading to its recovery. Who will find it and return it to his father?

OUR COLORED CITIZENS

The peoples Campmeeting will be held in the beautiful grove of Rev. L. T. Robinson at Plumville, beginning September 9, and closing on the 16. Rev. L. T. Robinson and J. D. Walker, D. D., managers.

M. E. CHURCH, SOUTH

Now Holding Ninety-Seventh Annual Conference at Lexington—Bishop

James Atkins of Waynesville,

N. C. Presiding—Officers Elected.

Lexington, Ky., September 5—With delegates from all over the Eastern half of the State in attendance, the ninety-seventh annual Kentucky conference of the Methodist Episcopal Church, South opened this morning with a business session at the First Methodist church. The conference will continue throughout the week.

Bishop James Atkins of Waynesville, N. C., presided at the meeting this morning. The early session was devoted largely to a routine business.

Rev. W. E. Arnold, of Ft. Thomas, was elected secretary and Revs. Messrs. J. B. Harris and J. E. Savage, both of Covington, were chosen assistant secretaries this morning. Rev. F. W. Struve, of Crestwood, was named press reporter and will have charge of the publicity part of the conference.

A personage committee, composed of Presidents Elders W. E. Arnold, of Ft. Thomas; C. H. Green, of Danville; C. F. Onay, of Lexington; G. W. Crutchfield, of Jackson; E. G. B. Mann, of Lexington; J. D. Reed, of Middlesburg, and B. C. Horton, of LaGrange, was appointed.

Secretary W. E. Arnold read the annual report of the education commission, regarding Emory and Southwestern universities, and other educational interests of the church.

A communication from J. R. Savage, of Louisville, was read, in which Mr. Savage told of the plans the church was making to care for the social and religious life of the soldiers who will soon be in the cantonment at Louisville. It is the purpose of Mr. Savage and his coworkers to interest the soldiers in religious work and look after their moral life.

Other features of the morning session were addresses by Dr. H. M. Dose, of Nashville, editor of the Quarterly Review, and Rev. W. A. Swift, of Lexington, editor of the Central Methodist. The importance of the church organs in promoting the work of the conference were pointed out. Rev. Mr. Swift made an offer of the paper to the conference and the matter was referred to the committee on books and periodicals.

This afternoon Dr. O. E. Goddard, of Galveston, Texas, delivered a sermon and tonight at 7:45 o'clock Rev. C. D. Butler, of Nashville, will address the delegates to the conference. Other churchmen of prominence who will participate in the program during the conference are: Bishop Warren A. Candler, of Atlanta, Ga., chancellor of Emory university, and Dr. Fitzgerald F. Parker, of Nashville, Tenn.

At this conference delegates to the National Methodist Quadrennial, which will be held in Atlanta in May, will be chosen. Kentucky will be represented at this meeting of four ministerial and four lay delegates.

ROOSEVELT ADVOCATES CONSCRIPTION OF THE WAR PROFITS

Chatham, N. Y., September 5—Conscription of war profits to meet war expenses was demanded today by Col. Roosevelt. Speaking at the Columbia county fair here he declared himself in favor of a very heavily graduated tax on the excess profits due to war conditions; a tax as heavy as Great Britain has now imposed.

The highest British war tax is eighty per cent.

"Heavily graduated inheritance and income taxes are almost necessary," Roosevelt asserted.

He said they should follow the English and German models.
